### **Professional Summary**

I am a recent graduate of Sheridan College with a diploma in Computer Programming. Originally from Brazil, I have lived in Italy and completed my studies in Canada, which has given me a rich multicultural perspective. I hold an Italian passport and bring a strong foundation in coding, problem-solving, and effective communication to every role.

### **Skills**

- Proficient in conflict resolution, decision-making, organization, and teamwork
- Experienced in front-end development, cybersecurity, web design, and app development
- Technical Skills: MS Office Suite, JavaScript, SQL, HTML, CSS, Java FX, C, C++, C#, React.js, Angular.js

### **Languages**

- Bilingual in Italian and English

### **Experience**

- *Sales Representative, TRACE PPC (November 2023 - May 2024):* I demonstrated proficiency in sales techniques and customer engagement, managing leads and forecasting using Apollo software.
- *Customer Service, TRACE PPC (March 2023 - July 2023):* I handled high volumes of customer interactions, maintained accurate records, and adhered to communication standards to ensure customer satisfaction.

### **Education**

- Diploma in Computer Programming, Sheridan College, ON, Canada (2020-2024)

### **Certifications**

- CompTIA PenTest, CompTIA Security, Introduction to Cybersecurity, and related courses
- Certifications in HTML, CSS, JavaScript, C, and Sales

**Community Engagement**

I volunteered at the Burlington Senior Center, providing high-quality service and fostering positive experiences for guests.

**Technical Proficiencies**

I am skilled in MS Office Suite, various programming languages, and frameworks, including React.js and Angular.js.
